Morin Industrial Coatings Ltd.
260 Magill Street
Lively, Ontario
P3Y 1K7

Site Location: 260 Magill Street, Lively
City of Greater Sudbury, District of Sudbury

You have applied under section 20.2 of Part II.1 of the Environmental Protection Act, R.S.O. 1990, c. E. 19 (Environmental Protection Act) for approval of:

- one (1) cross-draft paint spray booth used for the application of solvent based coatings at maximum rates as described in Schedule "A", equipped with three (3) natural gas fired air make-up units each having a maximum thermal input of 3,281,646 kilojoules per hour and 60.4 square metres of dry type paint arrestor filters, exhausting into the atmosphere through three (3) stacks each at a volumetric flow rate of 13.59 cubic metres per second, having an exit diameter of 1.07 metres, extending 3.05 metres above the roof and 12.32 metres above grade;

- one (1) mixing room exhausting into the atmosphere at a volumetric flow rate of 0.708 cubic metre per second, through a stack having an exit diameter of 0.305 metre, extending 1.83 metres above the roof and 7.32 metres above grade;

- one (1) dust collector serving blasting operations, exhausting into the atmosphere at a volumetric flow rate of 2.83 cubic metres per second, through an exhaust having an equivalent exit diameter of 0.86 metre, extending 3.73 metres above grade; and

- one (1) dust collector serving blasting operations, equipped with HEPA filters, exhausting into the atmosphere at a volumetric flow rate of 0.0015 cubic metre per second, through an exhaust having an equivalent exit diameter of 1.38 metres, extending 1.22 metres above grade;

all in accordance with the Environmental Compliance Approval Application submitted by Morin Industrial Coatings Ltd., dated May 16, 2014 and signed by Adam Eusepi, General Manager; and the supporting information, including the Emission Summary and Dispersion Modelling Report, submitted by Envirotech Associates Limited, dated May 12, 2014 and signed by Henry Vens.

For the purpose of this environmental compliance approval, the following definitions apply:

1. "Approval" means this Environmental Compliance Approval, including the application and supporting documentation listed above;
2. "Company" means Morin Industrial Coatings Ltd., that is responsible for the construction or operation of the Facility and includes any successors and assigns;
3. "District Manager" means the District Manager of the appropriate local district office of the Ministry

where the Facility is geographically located;

4. "EPA" means the Environmental Protection Act, R.S.O. 1990, c.E.19, as amended;
5. "Equipment" means equipment described in the Company's application, this Approval, and in the supporting documentation submitted with the application, to the extent approved by this Approval;
6. "Facility" means the entire operation located on the property where the Equipment is located;
7. "Manual" means a document or set of documents that provide written instructions to staff of the Company;
8. "Ministry" means the Ministry of the Government of Ontario responsible for the EPA and includes all officials, employees or other persons acting on its behalf; and
9. "Publication NPC-300" means the Ministry Publication NPC-300, "Environmental Noise Guideline, Stationary and Transportation Sources – Approval and Planning", August 2013, as amended.

You are hereby notified that this environmental compliance approval is issued to you subject to the terms and conditions outlined below:

TERMS AND CONDITIONS

GENERAL

1. Except as otherwise provided by these Conditions, the Company shall design, build, install, operate and maintain the Equipment in accordance with the description given in this Approval, application for approval of the Equipment and the submitted supporting documents and plans and specifications as listed in this Approval.
2. Where there is a conflict between a provision of any submitted document referred to in this Approval and the Conditions of this Approval, the Conditions in this Approval shall take precedence, and where there is a conflict between the listed submitted documents, the document bearing the most recent date shall prevail.

OPERATION AND MAINTENANCE

3. The Company shall ensure that the Equipment is properly operated and maintained at all times. The Company shall:

(1) prepare, not later than three (3) months after the date of this Approval, and update as necessary, a Manual outlining the operating procedures and a maintenance program for the Equipment, including:

- (a) routine operating and maintenance procedures in accordance with good engineering practices and as recommended by the Equipment suppliers;
- (b) emergency procedures;
- (c) procedures for any record keeping activities relating to operation and maintenance of the Equipment;
- (d) the frequency of inspection and replacement of the filter material in the Equipment;
- (e) procedures for recording and responding to environmental complaints; and

(f) appropriate measures to minimize odorous emissions from all potential sources.

(2) implement the recommendations of the operating and maintenance Manual.

PERFORMANCE

4. The Company shall, at all times, ensure that the noise emissions from the Facility comply with the limits set out in Ministry Publication NPC-300.

RECORD RETENTION

5. The Company shall retain, for a minimum of two (2) years from the date of their creation, all records and information related to or resulting from the recording activities required by this Approval, and make these records available for review by staff of the Ministry upon request. The Company shall retain:

(1) all records on the maintenance, repair and inspection of the Equipment; and

(2) all records of any environmental complaints; including:

(a) a description, time and date of each incident to which the complaint relates;

(b) wind direction at the time of the incident to which the complaint relates; and

(c) a description of the measures taken to address the cause of the incident to which the complaint relates and to prevent a similar occurrence in the future.

NOTIFICATION OF COMPLAINTS

6. The Company shall notify the District Manager, in writing, of each environmental complaint within two (2) business days of the complaint. The notification shall include:

(1) a description of the nature of the complaint; and

(2) the time and date of the incident to which the complaint relates;

The reasons for the imposition of these terms and conditions are as follows:

1. Condition Nos. 1 and 2 are imposed to ensure that the Equipment is built and operated in the manner in which it was described for review and upon which approval was granted. These conditions are also included to emphasize the precedence of Conditions in the Approval and the practice that the Approval is based on the most current document, if several conflicting documents are submitted for review.

2.

3. Condition No. 3 is included to emphasize that the Equipment must be maintained and operated according to a procedure that will result in compliance with the EPA, the regulations, and this Approval.

4.

5. Condition No. 4 is included to provide the minimum performance requirement considered necessary to prevent an adverse effect resulting from the operation of the Equipment.

6.

7. Condition No. 5 is included to require the Company to keep records and to provide information to staff of the Ministry so that compliance with the EPA, the regulations, and this Approval can be verified.

8.

9. Condition No. 6 is included to require the Company to notify staff of the Ministry so as to assist the Ministry with the review of the site's compliance.
